**Bondi Showcase**

Our wonderful students performed at *South Sydney Junior Rugby League Club* on Tuesday night. The performance was incredible and our students were well behaved. Thank you to Mr Jarius and Mr Ferguson for their commitment and dedication to ensure an amazing performance on the night. Thank you also to Ms Cassel for assisting on the night. We are all extremely grateful for the countless hours Mrs Park and Mrs Amamoo spent after school making the costumes for the performance. Not only did our students look amazing, their performance was spectacular. Thank you to all involved.

**Swimming**

The intensive learn to swim program at the Des Renford Leisure Centre at Maroubra has been a wonderful opportunity for our students over the past two weeks. Staff have noticed lots of happy faces when it is time to go swimming.

**Zone Athletics Carnival**

The Zone Athletics Carnival will be held at ES Mark Oval this Friday 21st August. We would like to wish all the students competing in the ESPSSA Zone Athletics Carnival all the very best.

**Redfern Community Centre**

On Thursday 20 August 2015 we had a school excursion to Redfern Community Centre. The Indigenous Science Experience was a joint event with the Redfern Community Centre, National Indigenous Science Education Program and the Macquarie University team. Students divided into two groups, with one group participating in the Indigenous Science Expo space and the other group in the hands-on Interactive Science. Our students really enjoyed learning about Science.

**Westpac Group Community Assistance Day**

We had a team of workers from the Westpac Group offer their services to us this week. They mulched all the front garden, planted in the flower bed at the front of the hall, tidied up the Banana tree, assisted in the students’ garden as well as helped cover books in the library. We sincerely thank all the volunteers from Westpac and thoroughly enjoyed having them at La Perouse PS. Many thanks to Angela Nashaat for her assistance on the day.

**CALENDAR**

- **Tuesday 1/9/15**  
  SEPSSA Athletics Carnival
- **Wednesday 2/9/15**  
  Power House Museum Girawaa and Magadaang
- **Thursday 3/9/15**  
  Father’s Day Breakfast  
  Father’s Day Stall
- **Thursday 10/9/15**  
  DVD Launch  
  Deadly LAPA Skipping Crew
Whilst I have only been at the school a short time, the students have informed me why La Perouse PS is the best school. Students formed a K-2 group and 3-6 group and brainstormed reasons that make it unique.

Regards

Elizabeth Markovski

Our Westpac Group volunteers hard at work. Thank you Westpac!!
Magadaang attended the National Science Week excursion to Redfern Community Centre on Thursday. Students were able to participate in fun and exciting experiments like making slime, explosions and playing with dry ice!

Students were also able to make their own traditional axes with glue made out of kangaroo droppings. They also made hand made bracelets and learnt about bush medicine.

The day was lots of fun. A big thanks to Mrs Park who organised the day for the students (free of charge)!!
Girawaa

Girawaa, along with a few extra students, have been going swimming every afternoon. We have been participating in the swim scheme for the past 2 weeks. We have a range of swimmers, from those who can’t swim to those who can swim up to 8 metres. All students are having loads of fun and are progressing with each lesson.

Students from La Perouse visited the Redfern Community Centre for National Science Week.
