Rodney was offered a permanent position with La Perouse Public school and loves coming to school every day to teach the students.

When asked what he loves about La Perouse Public School, Rodney says:

“I love how accepting and trusting the community has been since I have come to their school. Interacting with the students and their families on a daily basis is the highlight of working at La Perouse Public School. I now feel like I am a part of this great community and it feels like a second home. Working with the students and seeing them improve in all areas of their school lives is what makes being a teacher at La Perouse special.”

Rodney has recently become a father for the first time and finds it very exciting. He says “Being a dad to Isaac is so special, something which I will never take for granted. Having someone look up to you is amazing.”
